

**IN THE DRAWINGS:**

Please replace all figures of the present invention with the following replacement sheets attached hereto.

## **REMARKS**

In the Office Action, the drawings, specification and abstract of the disclosure were objected to. Claims 1 and 24-29 was objected to for informalities. Claims 22-29 were rejected under 35 U.S.C. §112, second paragraph, as being indefinite. Claims 22-27 were rejected under 35 U.S.C. §102(b) as being anticipated by Scaramucci (U.S. Pat. No. 3,089,713). Claims 28 and 29 were indicated as including allowable subject matter.

The Examiner is thanked for the extensive review of the application and suggestions to overcome the noted informalities. These suggestions have been adopted. In addition, the allowable subject matter of claims 28 and 29 has been placed in independent claim form as amended claim 22 and new claim 30, respectively.

In addition to the replacement drawings which incorporate the suggestions of the Examiner, Attachments A and B illustrate in Figures 14 and 15 the claimed features defined in claims 28 and 29 and labeled as various spaces.

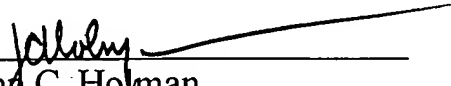

Based on the foregoing amendments and remarks, it is respectfully submitted that the present application should now be in condition for allowance. A Notice of Allowance is in order, and such favorable action and reconsideration are respectfully requested.

However, if after reviewing the above amendments and remarks, the Examiner has any questions or comments, she is cordially invited to contact the undersigned attorneys.

Respectfully submitted,

JACOBSON HOLMAN PLLC
